Public Works Report

Gravel Roads

The Winter Gravel Program is continuing. Hauling is now occurring out of the Cooper Pit. Anticipate program to be completed by week of March 22nd, if not sooner, weather dependent.

Graders continuously care for all roads for the winter season by having all gravel roads, as per County policy, opened in 96 hours after any significant snowfall event. In addition, graders coordinate with Winter Gravel Program haulers to ensure that appropriate roads are graveled.

Surfaced Roads

Snow-plow operations continue, on a weekly basis, as needed, in order to mitigate any snowfall event.

Crews will continue to patch deficiencies, weather permitting.

Maintenance

Lacombe County's winter gravel haul, out of the Smith Pit, has been completed. A total of 35,000 metric tons of ¾" gravel was hauled out.

A total of 68,000 metric tons of aggregate was mined and stockpiled, within the Martin Pit, for future crushing. Anticipate crushing to occur in the summer of 2019.

County signs and delineators continue to be installed, repaired, and washed as needed.

Gravel Road Rehabilitation

Staff have begun acquiring borrow agreements and third-party consents for the 2019 gravel road rehabilitation projects.

Staff are being utilized for the Winter Gravel Program.

Facilities

Condor Public Services Building

The request for proposal (RFP) for the building design and construction is currently being publicly advertised. The closing date for the RFP is March 12, 2019. The land use amendment has been completed, on the 8 Acre property in Condor, as well as the

subdivision has been conditionally approved. The water well driller is expected to commence later this week.

Main Administration Building

Renovations have commenced to facilitate a New Server Room, IT Lab and Office Space to be located in the first bay of the Public Works Shop.
